8 Additional Considerations

Note on Public Voting

- In addition to the official jury evaluation conducted by the **National Productivity Secretariat (NPS)**, industry professionals, and the Sri Lanka Institute of Marketing (SLIM), a Public Voting Component will also be introduced where applicable.
- Marks from public voting (through official social media posts / official website) will be considered as part of the evaluation.
- While the jury's professional assessment will carry the highest or at minimum a balanced weight, **public engagement and votes will influence the final outcome.**
- The **Final Decision** will be announced by the Awards Jury Panel, taking into account both the **official marking scheme** and the **public voting results.**

9 Application Process

- Applications are submitted online through the official portal <https://www.automobile-awards.com/categories.php> and simultaneously linked to www.aicsrilanka.com. Applicants must provide organization details, category selection, and supporting documents. A unique registration code will be issued upon application.
